Governor Pritzker Announces \$28.9 Million in Grants for 89 Local Park Projects Throughout Illinois

OSLAD Grants Will Support Park Development and Open Space Land Acquisition in 29

Counties

SPRINGFIELD – Governor JB Pritzker today announced \$28.9 million in grants for 89 local projects that will help communities acquire open space and develop and improve recreational facilities throughout Illinois.

"Investments in Illinois' local parks makes it easier for families and recreation enthusiasts to enjoy our state's beauty and help their communities thrive," Governor Pritzker said. "Parks projects will also create jobs, providing a boost to local economic development efforts in dozens of communities and spurring additional investment throughout the state."

The grants announced today are through the state's Open Space Land Acquisition and Development (OSLAD) program, administered by the Illinois Department of Natural Resources (IDNR). The program will provide more than \$28 million to support 87 projects, while two projects will be funded through in the federal Land and Water Conservation Fund (LWCF). The grant programs can provide up to one-half of a project's funds, and when combined with the investment of local matching funds will support more than \$56 million in local park development projects and land acquisitions statewide.

The OSLAD program began in 1987 and has invested \$419.4 million in 1,765 local park projects. The program receives dedicated funding from a percentage of the state's Real Estate Transfer Tax.

A list of this year's OSLAD/LWCF grant recipients and project information is below:

GRANT RECIPIENT	PROJECT TITLE	COUNTY	GRANT AMOUNT
Alsip Park
